You will initially need to pair
Ensure SPELL CHECKER is disabled. Otherwise, you will go nuts!

Use your key/paddle to enter text into Notes, Email, Messages, QRZ.COM, etc.

CW M32 Blue Tooth works well, but drains the battery.

Roger's rules of life:

If you open the gate to enter the barnyard, close it behind you. Otherwise, the cows will get out.

If you turn on B/T for M32, turn it off when you finish. Otherwise, your battery dies.
